

O'Brien Communications proudly announces our affiliation with... ***United Telecomm, Inc.***

United Telecomm, Inc. is a full-service telecommunications provider with a complete range of products and services. We have thousands of customers who depend on our quality customer care and on our expertise to keep their communications costs low. Our professional staff can provide you with a no-obligation free analysis of your phone and data services bill.

We offer a complete range of telecommunications services...

Centrex Plus, Basic Rate ISDN, Primary Rate ISDN, DSS II, T1/T3, Flex Path, Frame Relay, ATM, Video Services, Long Distance (Voice, Data & Internet), Data Storage/Disaster Recovery, VOIP and Collocation Space within carrier hotels.

We have established relationships with some of the most prominent telecommunications service providers to help us maintain our competitive edge.

We partner with industry-leading service providers...

Verizon, MetTel, XO, MCI/UUNet, Bell South, SBC-Pac Bell, Qwest Local & Long Distance, AT&T, New Edge Networks, Access Northeast, InterCall Conferencing and many more.

We service our clients with ...

A fully automated order entry and repair tracking system and a relational database that unites real-time client, carrier and vendor information.

Our knowledgeable, experienced service professionals are dedicated to meeting the changing telecommunications needs of our clients in today's competitive business environment.

Special Offer ...

As an O'Brien Communication's customer you are eligible to receive special rates for all your voice and data lines. Rates are typically between 10 and 40 percent lower than Verizon rates. In most cases it is a simple billing change, no change to your lines or your line numbers.

Please contact United Telecomm for a complete analysis of your telecommunications needs TOLL-FREE at 866-238-5805 or visit them on the web at www.unitedtelecomm.biz. Make sure you mention O'Brien Communication's to receive the maximum discount available.
